Fearless Leadership®

Courageous conversations that build trust and move people forward

Entertaining, provocative, and inspiring, Corrinne Armour CSP is a leading authority on Fearless Leadership®. She is equally comfortable on a large conference stage or in a virtual environment and is known for her ability to captivate audiences while delivering depth, insight, and practical relevance.

As a Certified Speaking Professional (CSP), Corrinne has been industry recognised for her experience and professional capability among Australia's leading speakers. Her keynotes blend contemporary brain science with powerful storytelling, including lessons drawn from her time living and teaching in a jungle refugee camp on the edge of a warzone.

Underpinned by more than 20 years working in and out of boardrooms alongside senior leaders, Corrinne brings Fearless Leadership® to life in a way that resonates with people navigating complexity, pressure, and competing priorities — regardless of role or title. With over a decade in senior corporate leadership roles and extensive experience training and coaching leaders at all levels, she understands first-hand the realities of leadership.

Corrinne is the author of *Leaders Who Ask: Building Fearless Cultures by Telling Less and Asking More* and *Developing Direct Reports: Taking the Guesswork Out of Leading Leaders*, as well as two specialist texts on human behaviour used by consultants worldwide.

Through her engaging on-stage and virtual keynotes, books, and leadership development programs, Corrinne challenges leaders to elevate their performance. Her work supports leadership teams to build trust, boost courage, and create the conditions for sustainable organisational success.

Trusted by organisations across corporate, government, health, education, and community sectors, Corrinne is known for connecting with delegates in a way that makes them think, feel, and act — often making them laugh, reflect deeply, and leave with a renewed sense of possibility.

Living in country Victoria and co-parenting two teenage daughters, Corrinne appreciates the importance of balance — in leadership, teams, and life. She is often found in the bush trail riding with her horse, Bart.
