

INTRODUCTION for Corrinne Armour CSP Keynote Speaker | Fearless Leadership®

From an apple orchard in country Victoria... to a jungle on the edge of a warzone... It's fair to say our next speaker didn't take the usual path to leadership expertise!

Corrinne Armour is Australia's leading voice in Fearless Leadership®.

Today, she's here to do more than share ideas. She's here to shift how we think about leadership, challenge old assumptions, and inspire fearless action that creates real impact.

With over a decade in senior leadership roles in finance, 2½ years living and teaching in the jungles of Thailand, and almost 20 years working with senior executives and leadership teams, Corrinne brings extraordinary insight grounded in real-world experience.

She's the author of *Leaders Who Ask*, *Developing Direct Reports* and two specialist texts on human behaviour.

Get ready for a powerful — and unforgettable — experience.
